## GOV. JOHNSON ARRIVES IN SOUTH

Reached Los Angeles Today With Mrs. Johnson and Private Secretary McCabe

### ITINERARY OF SPEAKING ROUTE OUTLINED TODAY

Speaks in Santa Ana Friday, Feb. 20—Will Give Account of His Stewardship

LOS ANGELES, Feb. 11.—Governor Hiram Johnson arrived here today accompanied by Mrs. Johnson and Private Secretary McCabe. He went immediately into conference with Southern California Progressive leaders.

Tomorrow night Governor Johnson opens his Southern California tour at the Auditorium here with a Lincoln Day Address. Friday night he will be at Covina and on Saturday night he will speak at Long Beach. On Monday, Feb. 16, he will talk at San Diego, on Tuesday at Pasadena, on Wednesday evening at Riverside, on Thursday at the San Bernardino Orange Show, on Friday afternoon at Orange and on Friday evening at Santa Ana. He will attend the auto races at Santa Monica on Feb. 21 and 22, returning to San Francisco on the evening of the 23rd.

Governor Johnson denied that the tour is a campaign tour, saying that he is merely giving an account of his stewardship. He expressed satisfaction with Progressive registration figures.

## MAY SEARCH FOR THE MISSING POTOMAC

Secretary Daniels Considering Plan—Hoped Tug is Not Lost But Merely Ice-Bound

WASHINGTON, Feb. 11.—Secretary Daniels of the navy is considering the sending of vessels in search of the lost navy tug Potomac, carrying thirty-six men, which disappeared several days ago while trying to reach ice-bound American vessels off Newfoundland. Repeated wireless calls have failed to evoke a response.

The more hopeful here believe the tug has merely stuck in ice. The navy department says the Potomac carried sufficient provisions but little coal, and it is feared that if the tug is stuck in the ice the men will freeze.

### ATTEMPT TO INJURE CAR ENTERED IN BIG RACES

SANTA MONICA, Feb. 11.—An alleged attempt to injure Harry Grant's Isotta car, entered in the Vanderbilt and Grand Prix races, was made last night when two negroes were found in the garage where the car was kept and chased away. The mechanism of the car had been tampered with, Grant visited the garage at midnight and announced that no serious damage had been done. Hereafter a guard will be kept at the garage at night.

### MRS. IVY ACQUITTED ON GROUNDS OF INSANITY

LOS ANGELES, Feb. 11.—Declaring her insane at the time of the slaying, a jury in Judge Craig's department of the superior court Monday night acquitted Mrs. Edith M. Ivy of the murder of her divorced husband, Frank Ivy, September 30.

### TOKIO RIOTERS JAILED—EXAMPLE TO BE MADE OF THEM

TOKIO, Feb. 11.—Many persons are in jail today awaiting trial in connection with yesterday's riots about the parliament buildings. Officialdom is unable to conceal its anxiety over the outbreak. The public believes a severe example will be made of those jailed.

Senator Oliver Beards Pastor in His Pulpit

Senator George T. Oliver of Pittsburg accepted the challenge of the Rev. Charles E. McClellan, issued a few days ago, that Pennsylvania had no senator whom he might call to his pulpit. He went into the pulpit, that in the Fairall Baptist church, and gave definite answers to seventeen questions by the pastor. The senator was cheered by the congregation, which is largely made up of persons living in the textile district of the city.

He said the laboring men should organize to gain by proper means the best wages their employers could afford to pay; that employers and employees should submit to arbitration before strikes were declared; that good wages could be paid only when business was prosperous; that he feared the Democratic tariff would cause industrial depression, and that all that could be done was to "wait and see."

The congregation applauded when the senator declared in favor of local option and again when he came out for woman suffrage. He disclaimed any connection with the Oliver steel mills in Pittsburg, and added that no matter what might be the conditions in the mills "it is not fair play to charge it against me."

"The attacks against the owners of the plant," he added earnestly, "are mendacious and malicious. I dare say that if I were not in public life nothing would be said about them."

The senator announced that he would not be a candidate for reelection. The initiative, referendum and recall he denounced.

## MAY ASK BONDS FOR ADDING TO POLY HIGH

Superintendent Says School Has Grown so More Room Needed

### SCHOOL BOARD TO DISCUSS IT SATURDAY

Stated that Auditorium and Class Rooms Should Be Built Soon

Next Saturday evening the Santa Ana Board of Education is to hold a special meeting to consider a proposal to ask the citizens of Santa Ana to vote bonds for building an auditorium and additional class rooms for the Polytechnic High School.

In the original plans for the polytechnic group, the administration building included an auditorium. The auditorium was struck from the plans in order that the total cost of the group would come within the \$200,000 voted by the city for the construction of the poly buildings. The high school has been holding its assembly meetings upon bleachers erected directly south of the administration building.

The school authorities declare that the school is not complete without an auditorium, that it is needed not only for holding assembly meetings but for various social affairs of the school. City Superintendent of Schools J. A. Cranston is a strong advocate of voting bonds for the new school. He mentioned the matter at the last meeting of the Parent-Teacher's Association of the poly high. E. H. McMath, principal of the high school, stated to the board last night that there are now 782 pupils in the high school, and should there be an increase in attendance next year in proportion to the increase of the last year, the school would find itself away short on class rooms.

The question as to whether or not to ask for bonds is to be talked over by the school board Saturday evening.

#### Board Doings.

Last night the school board accepted the resignation of J. L. Skinner as janitor at Intermediate school, his health having been such that he had to give up the work. M. A. Bruce was transferred from the poly high to take charge of the janitor work of the two buildings of the Intermediate school. M. M. Carl was made janitor of the manual training school.

Mrs. W. M. Smart, secretary of the board, was elected a delegate to the convention of school trustees of the county to be held at Odd Fellows Hall on February 26.

Arthur R. Oliver of San Diego was elected to teach forge work and mechanical drawing at the poly high and Carrie L. Wyman was elected a teacher in the McKinley school.

## SOCIALISM IS PERIL SAYS TAFT

Former President Says Greatest Work of Republican Party Lies Ahead of It

### MUST COMBAT DANGER OF SOCIALISM TO COUNTRY

Doubts Progressivism Permanency—Predicts Possible Wilson Re-election

PHILADELPHIA, Feb. 11.—Socialism is the central political issue in the country is coming, according to former President Taft in an article on "The Future of the Republican Party" in this week's issue of the Saturday Evening Post. He declares that his party is not done for but that its greatest work lies ahead of it in combating this doctrine and the rescue of the country from the serious danger to which it is exposed in this attempted undermining of "stable and civil liberty."

Mr. Taft refrains from using the personal pronoun in reference to his recent candidacy, but admits that the Republican candidate did not prove a strong vote-getter, due largely to "misrepresentation of his personality" and "unfair accounts" at the Chicago convention. He believes that only those believing in a progressive platform will adhere to the Progressive party. He says:

"The truth is the Progressive party was born in a moment of passion and lived in an excitement that can not be maintained permanently. If the Democratic administration proves a success, Taft expects to see President Wilson re-elected. He says that Wilson has established "a party leadership and maintained party discipline in a manner that commands admiration."

In fact, Taft speaks favorably of the Democratic administration. He does not believe in the things it is doing, but expresses satisfaction that it is fulfilling its platform pledges. Regarding the possibility of the re-election of Republicans with those who voted for Theodore Roosevelt in 1912, he agrees that those who sincerely endorsed what their candidate preached are ineligible for Republican party membership. Getting down to Socialism, he says: "It makes no difference how sincere Mr. Roosevelt is in his protest that he is opposed to Socialism, with doctrines he advocates and the attitude he occupied and the promises he makes, he is moving toward Socialism as sure as water runs down hill. That is the bold, naked issue that is forming and which will be disclosed."

## BOY'S HAND IS CUT OFF AT SCHOOL

Samuel Barker Lost Fingers and Part of Palm by Manual Training Saw

Samuel Barker, a high school boy, son of W. D. Barker of 432 South Broadway, lost most of his right hand this morning when it came in contact with a circular saw in the manual training department of the Polytechnic High School.

Barker was assisting Prof. Shaw, head of the department, in removing a screw from another piece of machinery and did not notice that the saw was in motion. The accident happened so quickly that he hardly knows how it occurred. His hand was sawed through across the palm. Prof. Shaw and students rushed to the injured boy, and did what they could to stop the flow of blood. He was then placed in an automobile and was taken to the Santa Ana Hospital.

Out of school hours, Barker has been clerking at Winslow's Shoe Store.

In the amputation that was found necessary, the boy's wrist was saved.

## LINCOLN'S BIRTHDAY IN SCHOOLS OF CITY

G.A.R. Organizations and Citizens Are Invited to Attend Exercises—Observance Wide Spread

Members of the G.A.R. and W.R.C., also Daughters of the Revolution, Veterans of the Spanish-American War and the general public are invited to attend the patriotic exercises at the public schools tomorrow. At 9 o'clock the exercises will be given at the intermediate school; 9:25 at the high school, and 11 o'clock at the other grammar schools. The class in oratory will have charge of the program at the high school.

### DAY TO BE OBSERVED OVER UNITED STATES

Most elaborate preparations have been made all over the United States for the observance of Lincoln's Birthday. In Washington, D. C., and all

cities west and north to the Pacific coast will honor the immortal Emancipator. Exercises in the schools will be especially impressive and preparations have been going forward for weeks to instill in the minds of the rising generation the solemnity and importance of Lincoln's Birthday.

Announcement is made that stock exchanges and markets all over the United States, with the possible exception of the New Orleans Cotton Exchange, will be closed on Thursday.

In Washington there will be special exercises in connection with turning the first sod for the proposed \$2,000,000 Lincoln Memorial building to be erected in Potomac Park.

## CHRISTOFFERSON AGAIN DELAYED

Fog Drifts Into Tejon Pass and Aviator May Not Be Able to Negotiate Pass

LOS ANGELES, Feb. 11.—The Pacific Telephone and Telegraph Company reports from Bailey's ranch that Aviator Christofferson made several attempts to ascend between 11 and 12 o'clock, but was unable to make any headway against the wind. He descended, and it is impossible to state whether he will continue today. The aviator appeared much disappointed and declared he would wait several hours for the wind to die before abandoning his efforts for the day. Hundreds of persons who had gathered at Ascutt Park here were disappointed when he failed to appear.

LOS ANGELES, Feb. 11.—The Pacific Telephone and Telegraph Company reported from Tejon Pass this forenoon that Silas Christofferson, flying from San Francisco to San Diego, expected to ascend at 11 o'clock.

#### FOG DRIFTED IN PASS DELAYING AVIATOR

TAFT, Cal., Feb. 11.—A telephone message received later from Grapevine station said that a high fog night drifting through Tejon Pass, might delay Christofferson's departure. The aviator tinkered with his car preparatory to a start, and announced that his machine was in perfect condition. He believed he would be able to make San Diego before night, he said, although the impression here is that he will remain in Los Angeles, utilizing another day before ending his flight.

He said last night that he almost reached the summit of the Pass, but the cold was so intense he was compelled to turn back and wait for daylight when it would be warmer.

#### Auto Stuck in Mud

BAKERSFIELD, Feb. 11.—An automobile party that tried to locate Aviator Christofferson last night when he alighted after his failure to negotiate Tejon Pass, returned today without having reached him. The automobile stuck in the mud and was unable to proceed.

#### PROGRESSIVES AT LINCOLN

LINCOLN, Neb., Feb. 11.—Members of the Progressive party in Nebraska gathered here today in a state-wide, all-day meeting at which the work of the party and the plans for the coming campaign are to be discussed. Former Senator Albert J. Beveridge is to be the principal speaker.

"The Progressive party is here to stay in Nebraska and there is to be no amalgamation with the Republican party, no absorption by it and nothing that savors of union with the forces that used to accompany us down the political paths," said Chairman Corrick. "The only way the Republicans can proceed in our direction in the future is by voting for our candidates and supporting our principles."

## CITY ATTORNEY SAYS CENSOR COMMISSION HAS NO CONTROL OVER THE MOVING PICTURES

City Attorney Heathman construes the recently enacted censor commission no jurisdiction over moving picture plays.

At a meeting of the Parent-Teacher's Association of the Polytechnic High School last night, the commission was taken to task by E. E. Keech because some moving pictures depicting crime have been shown in Santa Ana. Members of the commission stated that it was doubtful if the censor commission ordinance gives the censor commission authority over

## DECIDUOUS FRUIT GROWERS REQUEST

Ask Reduction of Refrigerating Charge and of Minimum Carload Rate

SAN FRANCISCO, Feb. 11.—The state railroad commission is presenting a complaint to the interstate commerce commission here today in behalf of the deciduous fruit growers asking a reduction in the minimum carload rate on deciduous fruit shipments from California to the east. The commission wants a reduction of \$15 per car in refrigeration and that the minimum carload rate shall be reduced from \$20 to \$24 per thousand.

### NEW WAR ARTICLES IN BILL PASSED BY SENATE

WASHINGTON, Feb. 11.—Revision of the articles of war—the military law of the United States that has stood unchanged since 1806—is proposed in a bill just passed by the senate and designed to make the soldier guilty of purely military offenses an object of reformatory discipline instead of a penitentiary convict.

#### CHAMBERS HEAR WILSON

WASHINGTON, Feb. 11.—More than 130 local, state and national organizations constituting the Chamber of Commerce of the United States were represented here today at the second day's session of the chamber's second annual convention. Secretary of Labor Wilson spoke on "The Relation of the Department to Industries and Commerce." Tomorrow the delegation will consider the Sherman anti-trust law and the regulation of corporate activity by law. At night they will attend a Lincoln Day banquet.

#### NEW YORK A. C. MEET TONIGHT

NEW YORK, Feb. 11.—Alma Richards, Olympic champion high jumper from Cornell University, was one of the stars entered in tonight's big meet to be held at Madison Square Garden under the auspices of the New York Athletic Club. It will be the first appearance of the great jumper at a local meet. He recently cleared six feet four inches in trials. The handicapper in the high jump tonight has been limited to five inches to give Richards and other scratch men a chance for the first prize.

#### MORE HELP FOR THE FARMERS

BOULDER, Colo., Feb. 11.—How to make country life more attractive will be the principal topic of discussion during the annual Mountain and Plains Farmers' Institute which began here yesterday. Dr. C. A. Lory, president of the Colorado Agricultural College, and Dr. Livingston Farrand, the new president of the Colorado University were the principal speakers at the opening session.

## ANNIVERSARY DEATH OF MADERO

Huerta Takes Extra Precautions to Guard Himself, Fearing Uprising Today

### 3000 PUEBLA INDIANS MENACING TEZUITLAN

Thousands of Rebels Ready for Monterey Attack—Huerta Buys War Munitions

MEXICO CITY, Feb. 11.—Fearing that today, which is the anniversary of President Madero's assassination, might be chosen for an uprising against him, Provisional President Huerta has maintained elaborate precautions against an outbreak. Soldiers aided the police to keep people moving in the streets. Bodies of soldiers held strategic points and a small army encamped around Huerta's residence and the government buildings. Three thousand Pueblo Indians are reported as besieging Tezuitlan. Thousands of rebels are reported as concentrated about Monterey awaiting the signal for attack.

#### HUERTA INVESTS IN MUNITIONS OF WAR

MONTGOMERY, Ala., Feb. 11.—Provisional President Huerta has purchased ten thousand rifles and half a million rounds of ammunition from the Montgomery Arms factory. They will be shipped via Vera Cruz immediately.

## SCHMIDT TO DIE IN ELECTRIC CHAIR

Unfrosted Priest Sentenced Today for Murder of Anna Aumuller

NEW YORK, Feb. 11.—Hans Schmidt, the unfrosted priest, convicted of the murder of Anna Aumuller, was sentenced today to death in the electric chair during the week beginning March 23.

Schmidt stood erect while sentence was pronounced. "I have nothing to say," he replied when the court asked if he wished to make a statement. He smiled faintly when his attorney's motion for a new trial was denied. He then held out his wrists for the handcuffs and was then taken direct to Sing Sing. Before he left court a newspaper man sent him a note asking if he wished to make a statement. He sent the note back with the following penned on the margin: "Beyond this vale of tears there is a life above, unmeasured by the flight of years, and all that life is love."

### INTERNATIONAL BOWLING MATCH ATTRACTS MANY

MINNEAPOLIS, Feb. 11.—From Iowa, Wisconsin, Minnesota, the Dakotas and Canada bowling teams congregated here today for the opening session of the International Bowling Association which will hold forth until February 22. There is far more interest manifested in the congress this year than ever before and the contests today attracted big galleries. The crowds are having marked effect upon the contestants as the officers of the association are trying out a plan never before attempted—that of giving back in cash prizes every cent of the gate receipts. From the looks of the initial gallery, the players are coming in for fat prizes this year and all of them have set in with a determination to break records. The "dodo" ball is barred. Those who planned to put one over on the officials by using the shot-filled sphere will be caught in the act by the scales that have been ordered installed. Many bowlers brought their families for the session and women were everywhere evident among the enthusiasts.

Attention, Fraternal Brotherhood Lodge banquet Thursday evening, Feb. 12th, 7 o'clock sharp.

County May Buy so Highway  
Through County Can  
Be Built

Members of the Board of Supervisors yesterday declared themselves favorable to the purchase by the county of \$200,000 state highway bonds so that the state highway may be completed through Orange county before 1915. Chairman Talbert was appointed a committee to take the matter up with District Attorney West to determine whether or not the county can legally purchase state highway bonds. If the answer is in the affirmative, there seems to be little question but that the bonds will be purchased.

**La Habra Road**  
The proposal to form a road improvement district, vote bonds and pave a section of county road in La Habra Valley has taken definite form. After a conference between La Habra, the District Attorney and Supervisor Schumacher, a resolution was presented to the supervisors and passed by that body. This resolution directs County Surveyor McBride to make a survey and estimates for paving a road in La Habra, commencing at the corner of Whittier avenue and La Mirada street, thence along La Mirada street to Central avenue and on Central avenue to Pomona avenue. The pavement will be twenty-two feet wide and five inches thick with two-layer pavement. The county surveyor is also directed to set road grades for all roads north of the Fullerton city limits and this side of the county line and the south line of the Puente Oil Co. property. The district to be formed is designated as Road District Improvement No. 1.

**Want a Way Through**  
As a result of considerable complaint to the effect that the contractors building state highway in this county provide no temporary road for the use of the public, the clerk was instructed to write to the State Highway Commission, call attention to present undesirable conditions, and ask that in building state roads here, a temporary road be maintained all along the roads being improved.

**PARENTS GIVE UP  
CHILD SO SHE MAY  
GET MUSIC CAREER**

Los Angeles Examiner: Seven years of their pretty 11-year-old daughter Helen's life was signed away Monday by Mr. and Mrs. Bethan J. Bishop, that she might obtain a classical musical education. The unique pact was entered into by the Bishops with Thor Raje, a singing instructor, yesterday, and court record of the transaction was affected. A petition for guardianship of the girl was filed by Raje, who lives at 3508 Dayton avenue. The petition was indorsed by the parents. Raje declares that food, clothing, environment, studies and moral training are vital factors in the educating of an opera singer. His agreement with the Bishops gives him full control of these features of the existence of little Helen, of whom he expects remarkable success. The pact between the Bishops and

**A HAPPY CHILD IN  
JUST A FEW HOURS**

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Mothers can rest easy, after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one— if full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," taken look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

**NEW BEACH COURT  
NEAR SEAL BEACH**

Seal Beach court, fronting on Anaheim bay and the Pacific ocean, adjoining Seal Beach on the north, has just been placed on the market by the Guy M. Rush Company, the map of this new subdivision having been accepted Saturday by the supervisors of Orange county. This spot has been for many years the favorite picnic ground at Anaheim Landing and is one of the most picturesque spots on the entire Pacific coast. The surveyors and graders are now at work on this property and rapidly whipping it into shape. The sand dunes are being removed and grading preparations are being rushed so that the cement curbs, sidewalks, electroliners and ocean promenade which will be known as Seal Walk, may be finished. All of the improvements will be of the highest type and will be installed as soon as it is physically possible.

Rigid race restrictions will be enforced and it is expected a number of attractive residences will be built within a very short time. Dancing at Seal Beach, which was omitted for one week on account of the closing of the Los Angeles-Long Beach line, with consequent interruption of traffic on this side of Seal Beach, has been resumed and will continue without interruption throughout the year. Almost a thousand people were on the ground Sunday to celebrate the formal opening of Seal Beach, and the coming year promises to be one of the most active and interesting in the history of this remarkable home resort that lives up to its reputation of being "without an undertow." The Rush company hopes to have all the improvements in not later than early summer.

It is said that the great financier Russell Sage walked five blocks to save 5 cents on a purchase of \$1.00, and when asked about it he quickly replied that the \$1.00 at interest would only earn 5 cents in a year and he made it in a few minutes by walking 5 blocks. **GOING TO MEET AT  
ORANGE TOMORROW**

(By Staff Correspondent.)  
ORANGE, Feb. 11.—The Orange County American Woman's Republic will convene tomorrow in this city, at the home of Mrs. John W. Morrison on South Cypress street. Chapters from Santa Ana, Fullerton and Orange will be represented and a large crowd is looked for by those in charge of the meeting.

The eighth class of the Presbyterian Sunday school held a business meeting last week and reorganized. They will henceforth go under the name of "Loyal Sisters" but will work under the Philathea constitution.

Mrs. Walter Lovell, a most energetic worker, is the teacher of this prosperous class and under their new name they expect to make rapid progress. There are now seventeen in the class and its members hope to swell their ranks in a short time.

The officers are as follows: President, Ruth Leach; vice-president, Fern Wright; secretary, Arden Trumble; treasurer, Edna Slater; reporter, Edith Carpenter.

A business meeting was set for the first Tuesday afternoon of every month at 3:30 o'clock.

Mrs. Alfred Higgins left this morning for Highland Park, where she will visit until tomorrow evening with her mother, Mrs. Hanna.

Mr. and Mrs. William Davidson and daughter, Mrs. Clara McCoy, who have been spending the winter in Orange, motored to Los Angeles today to spend a few days. Mrs. McCoy will go from there to her home in Brownsville, Oregon, while Mr. and Mrs. Davidson will return here and remain until about the first of April.

**VOCATIONS FOR  
WOMEN DISCUSSED**

MADISON, Wis., Feb. 11.—Social service, civil service and miscellaneous vocational work for women were the subjects scheduled for discussion at the Third Vocational Conference of Women, which convened today at the University of Wisconsin.

The conference will continue tomorrow and Friday. Among the scheduled speakers and their subjects are: Miss Helen Bennett, manager of the Chicago Intercollegiate Bureau of Occupations, "The Work of the Occupation Bureau in its Relation to College Women;" Miss Pope, secretary to Mrs. Medill McCormack, "Secretarial Work for Women;" Mrs. Annette McRae, landscape gardener for the Northwestern railroad, who has just planned a recreation park at Waupun, "Landscape Gardening for Women;" Miss Anna Nicholas, the only woman civil service commissioner in Chicago, "Federal Inspection;" Mrs. Caroline Bartlett Crane, "Municipal Housekeeping;" Miss Elizabeth Fox, superintendent of Visiting Nurses' Association of Dayton, O., "Nursing as a Vocation for College Women;" Miss Emily Harris, "Playground Supervision."

## ORANGE WANTS SOLID BRIDGE

May Put Concrete Structure  
Over Creek, Jointly With  
County

Orange News: A petition, signed by 101 persons, asking the trustees to call an election for the purpose of voting on bonds for the purpose of constructing a reinforced concrete bridge and protecting wall on East Chapman avenue across Santiago creek was presented last evening at the meeting of the city board. The board granted the petition and instructed the street committee to interview the supervisors in regard to the construction of its share of such a bridge and also to consult a bridge architect as to probable cost and desirable type, and to report its findings as soon as possible.

In the discussion of the petition the general view was developed that a retaining wall should be built both for the protection of the bridge and of the city. It was declared that, under present conditions, the creek in high water might break its banks at Chapman avenue and spread water generally west and south through the town, as it has done upon a previous occasion. The opinion was held that a three-arch bridge of sufficient span to easily carry the current in flood should be built. It was thought that the city's share would be about two-thirds of the bridge. The city has been assured that the county will co-operate when the city desires to put in a bridge.

The annual water rate ordinance was taken up and passed to second reading. The principal change introduced was the reduction in the price of water, which was fixed at \$1.25 for 1000 feet. The present rate is \$1.25 for 700 feet. The new ordinance will also provide for a rate of \$1.10 on the second thousand, \$1 per thousand on from 2000 to 3500 feet and 90 cents per thousand above 3500 feet. The rate to consumers outside the city was raised to \$2.50 for 700 feet, it being at present \$2.00 for 700 feet.

The city clerk and chairman were authorized to sign an application to the railroad commission approving the proposed rate of 75 cents per 1000 cubic feet for the mixture of natural and artificial gas which the Southern Counties Gas Company proposes to furnish.

A resolution of intention to open South Harwood street between Chapman and Almond avenues was introduced, but objection was made to the district outlined to be assessed for the opening and the subject was referred to the water committee.

A petition for the construction of sewer on North Cleveland street was granted and the city engineer and attorney were instructed to prepare the plans and specifications for a sewer on Cleveland street between Chapman and Palm avenues.

## THE BOOK SECTION REVIEWS "NEW ALIGNMENT OF LIFE"

The Book Review Section of the Ebell Club met last evening at the home of Mr. and Mrs. Tedford to listen to a review of Ralph Waldo Trine's book, entitled "The New Alignment of Life" given by Mr. L. P. Hickox.

Speaking first of the author, the reviewer said that he was a western man, graduated from Knox College and later a post graduate student at Johns Hopkins College. He has written "What All the World is Seeking," "In Tune With the Infinite," and recently the subject of the present review.

While his first books dealt with the elements that go to make up health and happiness, his last work deals with the definition of the differences existing between the old-time theology and the newer conceptions of those principles that have become crystallized into dogmas.

Mr. Hickox graphically contrasted the old theology with the new in a series of fifteen paragraphs taken from the book and lettered upon large charts so that all his auditors could see. These paragraphs which are given below, embody the principal teachings of the book.

Old Theology	New Theology
An infallible inerrant Bible, an absolute authority.	The Bible, a historical interpretation of religion, subject to literary and scientific criticism.
Inspiration, a voice from without.	Inspiration, a voice from within.
Two orders in the universe, natural and supernatural.	One order—one system—a natural universe.
Truth, a fixed thing—static.	Truth, a growing developing thing.
Jesus, a supernatural being, literally the Son of God sent into the world to redeem man by giving himself a blood sacrifice to satisfy the wrath of an angry God.	Jesus, the natural son of his parents; who realized his oneness with the Divine; whose spiritual insight exceeded that of all known seers and prophets who ever tried to raise man to an actual fellowship with God.
The death of Jesus, the important event in his career.	The life of Jesus, the center of interest.
Evil—a rebellion in heaven, a personal Devil warring with God in the world.	Evil, a necessary condition of progress, no Devil in it.
Redemption, a supernatural process by which through the cross of Christ the individual escapes eternal punishment and enters into everlasting bliss at death.	Redemption, more abundant life through fellowship with the Divine; recognizing struggle as a means of developing personality; character acquired through struggle and by following the teachings of Jesus.
Faith, founded on miracles.	Faith founded on orderly operation of law. Logical consistency.
Rests on past revelations.	Rests on present experience of immediate contact with the Divine.
Depends on authority and essential mystery.	Seeks verification of religious statement in the light of modern knowledge.
Accepts the Biblical account of creation with all its meta physical inferences.	Declares for the evolutionary theory.
Resists change. "The old time religion is good enough for me."	Welcomes re-statement of religious truth to conform to present day experience.
Emphasizes salvation in view of the future life.	Seeks to save men for life. Emphasizes more abundant life.

The reviewer said further in his interpretation and extracts from the author, that the disposition of the age was to focus attention upon the life that now is, rather than the hereafter; that Jesus' sayings contain their own authority, while former prophets were wont to use the expressions "it is said" or "it is written," accepting thus old Jewish dogmas; that Jesus claimed no supernatural power but asserted that the Lord worked through him; that he did not claim unusual birth.

It was brought out that the Pauline writings were produced before the Gospels and that the latter were undoubtedly influenced by the Romanized religion of the former; that Paul being much better educated than the other disciples and a Roman citizen imbued with prevalent Greek philosophy and teachings of Jesus to his fishermen disciples.

A most significant saying of the author was that we believe dogmas no matter how incredible because we have been taught them from childhood and this teaching repeated from generation unto generation. In geography or geology the child is not taught what was held to be true in 1413 and why should he be taught the religion of five centuries ago?

In the discussion that followed the review, a clear comprehensive definition of "truth" was sought and it developed that this was no easy thing to do. At the March meeting to be held on the second Tuesday, Ernest Crozier Phillips will review Maurice Maeterlinck's "Bluebird," taking the place of Mrs. Hull who is absent in the east.

## URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your  
Back Hurts or Bladder  
Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

## TUNA PACKING FACTORY TO GO UP AT LONG BEACH

LONG BEACH, Feb. 11.—In five or ten days the National Tuna Fishing & Packing Company will begin the construction of its factory. The building will be of frame construction, with corrugated iron sides and roof. The output of the plant will be about 200,000 cases of canned tuna per year. Two hundred and fifty men and women will be employed. The company is assembling a fleet of launches for the catching of the fish it will market.

## WHY REFORM MOVEMENTS SOMETIMES FAIL

In the past years reform movements were, as a rule, born because of some peculiar personal hardship that had been suffered by some leading spirit of that movement.

The leading spirit is very apt to be a man of strong personal character and able to influence his fellow men. He forms a campaign, and through enthusiasm wins a victory and gets what he wants. Then, in a great many cases, he quits. There may have been hardships, injustices and wrongs done others. Humanity in general may have been ground down to the dust, lives may have been sacrificed and the stronger element may have preyed upon the weak, but unless you could show a man where it affected him personally he would not lend a hand to help remedy the untoward conditions of others.

Recognizing these facts, the great minds which have made a careful study of reform movements organized the Progressive party. Instead of reform being a temporary affair for one man's benefit, it has grown to be a nation-wide affair, having for its purpose the amelioration of conditions for all classes of society and not depending upon the selfish whims of any one man.

But Progressives do not want to forget that the believer in the "special privilege" as against the man who believes in "equal opportunity to all" is also well organized and working hard. It is a constant though often a silent battle.

In this connection and to illustrate how the enemies of "an equal opportunity to all" have been working, attention is called to the Water Commission Act of 1913. This act was passed by the legislature, signed by the governor, and on August 10, 1913, would have been the law regulating the use of the waters of the state of California for all purposes. The proponents of such legislation, and all in favor of it, sat back after the scrap, and breathing a sigh of satisfaction said, "Thank Heaven! we have put another nail in the coffin of the Riparian Proprietor and the Speculator in water-rights."

But had they? No! Those two speculators were working tooth and nail to get sufficient names to a referendum petition to suspend operation of the act until the coming November, 1914, election, and in this they were successful.

Let all Progressives remember this and help drive the speculators back to the coffin, and to nail the lid down so tight that it will never come off. Therefore, vote for the Act of 1913 creating the new State Water Commission.

## THE LIBRARY POST

Formerly public libraries were centers of seclusion and gloom, where drowsy librarians sought to guard their books from the dog-eared multitude. The less the books went out, the better they were preserved. The old librarian liked a full shelf. It prevented complaint when people consulted his treasures.

Nowadays the librarian likes the empty shelf. It is a sign that the books are circulating, and performing their mission of instruction.

Recognizing the difficulty of getting the books out into the outlying rural country, Representative Gillett has just introduced a bill in congress permitting public libraries to send books through the mails for a cent a pound. This would connect many a lonely farm house with the wide world.

There has been of late a great growth in the scope of library work. Massachusetts has a library for every town. An energetic worker at Hagerstown, Md., delivered the past year 28,000 books about that hilly country by automobile. But in spite of the library extension work carried on in many states, it still remains true that the isolated farm home makes but little use of the library.

The ideal thing would be an automobile library wagon for every county, supplying books from a town or county library into the loneliest homes. But Miss Titcomb's plan at Hagerstown cost the county \$2500. In the long run, the popular diffusion of education thus obtained would be cheap at the price. But perhaps the county authorities would not believe it.

In the meantime, the cheap distribution of library books through the postoffice would fill many gaps. The boys and girls would not feel quite the hankering for city glitter, if the rural delivery man had left the latest books for the young folks. The farmer and his wife might not drowse off to sleep at 8 p. m., if there were fresh science, fiction, and travel about the evening lamp.

## THE CITRUS FRUIT INDUSTRY

Department of Service to Citrus Fruit Growers, Conducted Especially for the Register.

Copyrighted by Reginald Brinsmead.

## GOOD ROADS AND THE CITRUS BELT

The recent heavy rains have not only fully demonstrated the great value of the many "good roads" already built in the citrus belt, but have also served forcibly to emphasize in many instances the great importance of those now building and planned.

It is in such semi-suburban and country districts as are to be found composing the California citrus belt that the need and necessity of the well built road is most keenly appreciated; not only as a means for easily travelling from point to point, from ranch to town, but also in the moving to market and packing house of the products and crops produced in these intensively farmed sections.

Again, good roads have great bearing upon the class of settlers, of newcomers, attracted to any section; while such good roads system, by necessarily including adequate outlets for storm water as part of their construction, provide an efficient means of protecting valuable land from damaging run-off, a fact not always fully appreciated by the property owner so protected.

The automobile, especially in the closely settled citrus fruit growing communities, has come to stay, but without good roads is of little value during periods of heavy storm; while the motor truck, daily becoming a more and more important factor in moving the citrus crop, is helpless wherever and whenever the roads become impossible quagmires or even appreciably "softened" by heavy rains.

And so the immense aggregate sums now being expended in California on good road building—and this to a very marked degree in the many citrus districts—have already been proven profitable investments; and the storms of January, 1914, will emphatically dispose of any carping criticism which may have arisen with regard to the financial soundness of the good roads movement now being so generally followed throughout the entire Southern California citrus belt.

As a factor in the everyday life of the community, in the matter of easy and comfortable inter-communication, in the movement of crops, in attracting the visitor and settler, in insuring against flood and storm damage, in the general health of the community by removing stagnant water alongside the highway, mud and filth in the "rainy season," and dust in the "dry season," the dustless, mudless good road, kept in repair and good condition the whole year round, has become a vital necessity.

The universal appreciation of these facts assures the future development of the citrus belt, spelling as it does a spirit of progress and intelligent preparation for future needs; for a community is to a great extent judged by its roads, poor roads being infallible earmarks of retrogression rather than progression, and under such conditions brains and capital will without question "follow the good roads."

## AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone!

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

marked the end of a ten years' fight by civic reformers. Their pleas that the nation's capital—known as the "cleanest" city in the world—should not permit organized vice to foster and grow in a part of the city set aside for it, had hitherto gone unheeded.

One other thing which it is expected that the Kenyon measure will accomplish is to make public the exact owners of property in the "red light" district.

Veiled charges that powerful local sources have prevented its "cleaning up" because certain prominent individuals owned houses rented out to prostitutes, have heretofore been heard. The Kenyon law is expected to force appearance in court of the

Washington tenderloin has been semi-officially recognized and rigidly restricted on the theory that it meant that the residential sections would be kept absolutely "clean"—and they have been up to the present time, with mighty few exceptions.

It was also proved by the police that this semi-official recognition and segregation meant that Washington's streets by day or night were absolutely free of street walkers. The women of the segregated district were known and registered as such, and they knew that "street walking" would mean exile from Washington.

Persons who have openly or secretly opposed the Kenyon measure have prophesied that stamping out of the tenderloin will mean that Washington's residential sections will suffer as a result; that if some of the women who are chased out of the tenderloin do not spread to other sections, others will come into the city and manage to live as they do in New York, Philadelphia and other cities where such unfortunates conduct small "establishments" in good neighborhoods.

A vice crusade in 1904 forced a more restricted quarter for the vice section, and a second "City of the Living Dead" sprang into being in the southeast section of the city—a scant three blocks from the capitol building.

The older vice area was within a stone's throw of the postoffice building and the Treasury Department and within sight of the White House, Washington monument, and the Department of Agriculture. The new red light district did not supplant the old, the police crusade suddenly dying, for some obscure reason.

actual owners of the premises against which an injunction is sought, as well as of the tenants. That the law will result in a general clean-up is declared by proponents who point out that the measure not only provides for a permanent injunction against use of such property for immoral purposes, but also permits the condemnation and sale of all fixtures and furniture in such houses.

Another blow has been struck at Senatorial dignity—not to mention Senatorial exclusiveness, and the idea that United States senators must be protected from too much contact with the common herd. Ordinarily when a senator retires to his office in the Senate Building he is fairly safe. A cold but magnificent mahogany door in a palatial marble corridor shuts out the would be visitor, and impresses him with his own importance, while, to add to the hesitation at demanding entrance, the names of the senators upon the doors are so small and so high up that the fear of making a mistake aids in turning back the stranger. In letters four inches high, upon the door of Senator Martine, of New Jersey, is written: "Walk In." And Senator Martine's secretary is perhaps the busiest man at the capitol as the result.

## RULES OF HEALTH

The following rules of health are formulated by Dr. L. M. Powers, health commissioner of Los Angeles:

Don't give beer to the baby.  
Don't eat with soiled hands. Wash them first.  
Take a warm bath with soap at least once a week.

Proper light, heating and ventilation are indispensable.  
Study your body so that you may learn how to better care for it and protect it against ills.

Keep at least one window open in your bedroom at night, and air the room at least two or three times a day.

Spitting in public places shows disease and creates a harvest for "grim reaper."

All is not pure that sparkles—sparkling water may be loaded with typhoid germs.

Robbing oneself of sleep is putting a mortgage on future health and happiness. Nature will foreclose.

Some people shun "canned" foods but they indulge in "canned air" without a shudder.

Don't live in dusty air. Keep your rooms clean. Get rid of dust by cleaning with damp clothes and mops. Don't sweep with a dry broom.

"The proper place for a chest protector is on the soles of the feet."—Dr. Frank Borsworth of New York.

Every person should remember that the atmosphere we breathe is naturally subject to changes in temperature, humidity and motion.

Proper feeding, clothing and housing improves the condition of the people of the community as much as proper feeding and care of lower animals.

Personal cleanliness is the foundation of all cleanliness—hence one of the most important of all civic virtues. A clean body will not tolerate filthy surroundings.

If your neighbor throws garbage in the alley it is not sufficient reason for you to follow his example—it's a reason why you should set him a good example.

The digestive tract is about thirty feet long. The combined length of the blood vessels of the body is many miles. If you want your food to go a long way, chew it thoroughly.

Effect of Meat Rations  
The effect of meat rations was tested at West Virginia experiment station, where one pen of fowls received a ration largely of corn and other starchy grains, while another pen was fed partly on meat and fresh bone. The meat-fed fowls laid 3,431 or less than one-half as many as those receiving the nitrogenous ration. The eggs from the meat-fed fowls were larger, much firmer, rather better and produced much more vigorous chickens than those of the others. Both lots of fowls remained in a healthy, vigorous condition.

Nun's Butter  
Here is an excellent hard sauce called nun's butter: Cream one-eighth pound of butter after washing by pressing it under water; add gradually one-half cup of powdered sugar, beating all to a white cream; when very light add unbeaten white of egg; beat five minutes or until hard; dust bowl, and chill before using—that is, let stand in a cold place or in the ice chest. If you have a large number to serve you may want to double this rule, although this serves several.

# Doings In Social and Club Circles

## A COBWEB HUNT

Cupid Awaited at the End of the Strings But Found Fair Ones Shy

About twenty-five of the members of the Reformed Presbyterian Y. P. S. enjoyed a very pleasant social last evening at the home of Mr. and Mrs. T. L. Fane, 1017 Van Ness avenue.

After all had gathered and spent a brief social hour together they were started on a cobweb hunt. The strings which composed the cobweb were entwined through several rooms, and when at last one succeeded in getting a string untangled, the person on the other end was one's partner for the evening. The couples thus formed were then seated and the girls were given five minutes to propose to their partners, while the boys were to try to keep them from proposing. However, most of the girls balked, evidently not having the requisite amount of courage. Following this all were subjected to a rigid lover's examination, and a prize was given for the highest grade. The answers to some of the questions caused roars of laughter.

The time was then occupied in various games until refreshments of buns, watermelon and hot chocolate were served. After being fully satisfied in this respect, all gathered around the piano and joined in singing old favorite songs until a late hour. It was the unanimous opinion of all present that the members of the social committee of this society are royal entertainers.

## The Tustin Twelve

The Tustin Twelve had one of its most successful meetings yesterday afternoon at the Tustin home of Mrs. E. J. Cranston. The living room was adorned with fragrant violets, while red geraniums and smilax were used in the dining room.

The ladies busied themselves over dainty embroidery work while both vocal and instrumental music was rendered by Mrs. Charles Johnson, Mrs. Albert Steadman, Mrs. J. C. Stearns and Mrs. Thomas. At the refreshment hour the ladies were invited to the dining room, where a delicious repast was served on a well-appointed long table, the place cards being hearts of red, blending with the brilliant color of the geraniums forming the table decorations. The ladies of the club presented Mrs. J. C. Stearns with a dozen linen napkins for her faithful services for two years as press reporter.

The club members present were Mesdames B. F. Nimmo, Ellis Smith, Fred Morehead, Albert Fuller, Fred Poole, Chas. Johnson, J. S. House, Chas. Artz, Geo. Follard, Arthur Hoefler, J. C. Stearns. The club had as its guests Mrs. Jasper Leck, Mrs. Lyons of Los Angeles, Mrs. Albert Steadman of Pasadena, Mrs. Thomas of Tustin.

Mrs. Cranston, the hostess, was assisted in entertaining by her mother, Mrs. Moores.

## NOTABLE W.C.T.U. MEETING

Days of Famous Crusade Recalled and Tributes Paid to Frances Willard

Yesterday afternoon at the spacious Mills and Winbiger home the W. C. T. U. held one of the very best meetings of the year. The hall and parlors were filled with enthusiastic listeners. Mrs. Mills had charge of the program, the subject of which was "The Crusade" and the Willard Memorial. At an early hour the business session was held, presided over by the president, Mrs. Warren. The union voted to appoint Mrs. Ward, the literature superintendent, to see that suitable literature is placed in the parlors and waiting rooms convenient for people who have to wait there. Temperance literature, papers, magazines and any good literature can be handed to Mrs. Ward for this purpose. The president announced that the quarterly executive meeting of the county would be held in the Baptist church in Orange, Tuesday, February 17. All are invited to attend.

Mrs. Mills then took charge of the program and the first part pertaining to "The Crusade" was opened by the reading of a message from Mrs. Gowdy, one of the Crusaders living in Santa Ana but who could not be present. Mrs. Mills read the message, also a Scripture reading that was used by Mrs. Mills' mother during the crusade. Then all joined in singing "Nearer My God to Thee." The 144th psalm, the Crusade psalm, was read, after which Miss LeRue Phipps sang "The New Auld Lang Syne."

Mrs. Craig, mother of Mrs. Harry Dean, and one who took part in the crusade, told very interesting things that transpired at that time. The Willard Memorial was opened by a brief tribute to the memory of Frances Willard. A large and beautiful picture of Miss Willard was conspicuously among the decorations. "Lead, Kindly Light" was sung and beautiful words in memory of the great White Ribbon leader were given by representatives from the different churches, as follows: United Presbyterian church, Mrs. J. E. Kellogg; First Methodist, Mrs. Deering; Reformed Presbyterian, Mrs. Ferris; Methodist Church, South, Mrs. A. Jones; First Presbyterian, Mrs. Willard; First Christian church, Mrs. Brigidene Congregation, Mrs. L. A. White. Mrs. Emory Ratcliffe followed the brief talks with an excellent reading and Rev. Paul E. Wright then gave a splendid address on Francis Willard. Mrs. Ella Pye sang very beautifully "Crossing the Bar." She was accompanied by Mrs. Padgugam. Mrs. Belle Rogers, county W. C. T. U. president, spoke on the memorial fund, a collection following. Mrs. Winbiger sang a solo, "What's Done for God Can Never Die," being accompanied by Mrs. Padgugam.

Rev. J. C. Kennedy of the United Presbyterian church, Rev. G. N. Greer of the Reformed Presbyterian church, and Rev. N. J. Crawford of the United Brethren church were introduced and spoke a few words of greeting. The next meeting will be held at the home of Mrs. E. P. Stafford, 2415 North Main street, and can be easily reached by street car.

## "Weenie" Bake

Louis Smith and Ira Baile were hosts Friday evening to a "weenie" bake, given at the home of Louis Smith on West Seventeenth street. Many jolly games and contests were played during the evening. A prophesy which was written by Miss Ira Baile caused great amusement. Delicious refreshments consisting of hot "weenies," buns, pickles, punch and candy were served. Those present were Mesdames Ira Baile, Verda Blackmore, Jane Schaich, Marguerite West, Hattie Brown and Georgina Smith; Messrs. Louis Smith, Vergil Brown, Ira Baile, Edward Freeman and Albert Dietrich.

## Entertained the Club

The Happy Hour Sewing Club met at the home of Mrs. Arthur Humphrey of 1027 South Main street. A very pleasant afternoon was spent midst dainty needlework and conversation. Refreshments were served in the dining room, where a color scheme of red and green was carried out. Beautiful hand-embroidered table linen was used on the prettily appointed table.

Those present were Mesdames Galbraith, Brannon, Robinson, Gay, Humphrey and Mrs. C. S. Cooper; Misses Minnie Wild, Hazel Rowley, Jesse Wilke, Jane Humphrey, Mable Blodgett.

## Jolly Surprise Party

A number of the members of the Fraternal Brotherhood last evening invaded the home of Mr. and Mrs. Guy Dilley, 806 South Flower street, completely surprising Mrs. Dilley, whose birthday was the occasion for the jollification. The honoree had only recently returned from a visit of some length in Los Angeles and Long Beach and had no suspicion of any plan to celebrate her natal day.

The evening passed merrily and swiftly with games and other diversions, and refreshments of tamales, buns, cake and coffee provided by the visitors.

Those enjoying the event, besides Mr. and Mrs. Dilley, were Messrs. At, drugstore or by mail. H. E. Buckner & Co., Philadelphia or St. Louis—Advertisement.

## OBITUARY

The funeral services for Mrs. Maria Virginia Metzgar, held yesterday at the home of Mr. Joseph H. Metzgar, were conducted by Rev. W. T. Wardle, pastor of Westminster Presbyterian church, assisted by Rev. Jos. A. Stevenson, pastor of the First Presbyterian church, Santa Ana.

A large number of relatives and friends were present to pay their last respects to the departed. Lovely floral offerings, including handsome set pieces, were silent testimonials of love and esteem.

Miss Hazel Rowley sang those sweet hymns, "Some Day We'll Understand," and "Nearer, My God, to Thee."

Those bearing the casket were all near relatives of the deceased, being the two sons, Messrs. J. C. and J. H. Metzgar; Dr. L. R. Metzgar, a brother-in-law; C. H. Metzgar, a nephew; Frank Carlyle, a son-in-law, and Frank McKeever, a cousin. Mrs. Metzgar was laid to rest in Fairhaven cemetery.

Mrs. Maria Virginia Metzgar was born at Pittsburg, Pa., March 7, 1844. She was called home Sabbath morning at 9:45 Feb. 8, 1914, aged 69 years and 11 months. The youngest of a family of ten children she was the last to be called.

On Sept. 17, 1868, she was married to Dr. Daniel H. Metzgar, who had passed through all the vicissitudes of the Civil War. When the conflict was over Mr. Metzgar took up dentistry as a profession. He, however, passed away suddenly 29 years ago. Three children were born to this

## ANAHEIM MAN REAPS WEALTH

Sold Four Acres for What He Paid for Ten—Bad Checks

ANAHEIM, Feb. 11.—To sell a four-acre Valencia orange grove for more than was paid for the original ten acres less than three years ago was a really achievement of E. M. Schlotter of this city.

Schlotter came to Anaheim from Ohio three years ago and purchased a ten-acre walnut and orange grove on the corner of Olive and Adele streets for \$12,000. His net returns from the four acres, improved with 7-year-old Valencias, was \$2600 last season. Yesterday Henry Neff of St. Clareville, O., purchased this same four acres for \$12,500. Mr. Schlotter contemplates erecting a fine residence on the remaining six acres.

**Bad Check Man**  
Anaheim was visited by a bad-check artist late Saturday afternoon who left a string of worthless paper in his wake. H. A. Dickell, R. C. Peterman, M. W. Martenet and F. E. Edmiston were victimized for sums of from \$25 to \$35. The checks were made payable to one J. S. Wagner and signed by J. E. Shultz. In cashing the checks each of the merchants was of the opinion that the checks were on a Fullerton man by that name, but investigation proved it to be C. H. Shultz who is in no way responsible.

**Typographical Error**  
"You must be trying to make people think our town is out of date." "What's wrong? In my article I said your city was noted for its bustle."

**Anty Drudge**—"Well, dearie, have you forgotten what I told you about Fels-Naptha Soap? Anybody who's been using it for a year, as you have, ought to know that it will take out grease spots."

**Don't be discouraged about things that seem to pile up and never get done. There are over a million women who have stopped slaving day in and day out. They use Fels-Naptha.**

Fels-Naptha will help you. It will do the hard part of your work for you. It will make housework seem a pleasure instead of a nightmare. It will wash clothes clean and white without hard rubbing or boiling. It works best in cool or lukewarm water.

Follow the easy directions on the Red and Green Wraps. Better buy Fels-Naptha by the carton or box.

## GARDEN GROVE NEWS BUDGET

Anderson Sets Ten Acres to Walnuts—Baptist Church Grows

GARDEN GROVE, Feb. 10.—Arthur Anderson has finished setting his ten acres to walnut trees and is piping the land for irrigation.

F. W. Burton of Olive filled the pulpit at the Latter Day Saints Church on Sunday.

The Epworth League will give a Valentine social on next Friday evening at the parsonage.

Mrs. O. F. Smith returned on Monday from a visit with friends at Whittier.

Miss Lola Coplin and Hazel Swall are spending a few days in Los Angeles sight-seeing. One of their trips will be to Mt. Lowe. They expect to return Wednesday evening.

Mr. and Mrs. E. Beardsley motored to Alhambra today to visit Mr. Beardsley's sister.

The congregation at the Baptist church has so increased in the last few months that it is thought necessary to enlarge the church building and move it to a quieter street. This plan is now under consideration. The church was enlarged two years ago but the congregation is increasing very rapidly under the new pastor, Rev. Thomas.

Mr. and Mrs. Sawin of Massachusetts are visiting at the home of W. L. Russell. Mrs. Sawin is a sister of Mrs. Russell.

J. A. Swall of Bishop, Inyo county, visited at the home of his brother Chas. Swall on Saturday.

N. Carmichael occupied the pulpit at Cucamonga on Sunday, returning home on Monday.

A number of Garden Grove people will attend the Minnesota picnic which is to be held at East Lake Park in Los Angeles on Thursday of this week.

Miss Celestia Churchill of North Dakota is visiting at the homes of the Allens in Garden Grove.

Mrs. Rule is suffering quite badly with rheumatism.

Mrs. D. E. Hobbs, who has been ailing for some time, is improving.

Miss Carrie Kimball and Mrs. S. K. Bill were guests at the home of Mrs. Robbins in Santa Ana to a dinner given in honor of Mrs. Towne's birthday.

Mr. and Mrs. K. N. Coplin were entertained on Saturday evening at the home of Chas. Swall. A three course dinner was served at 6 o'clock. The evening was spent in social conversation and music.

Los Angeles Produce Market  
Strange as it may seem, the price on cranberries has been coming down instead of going up, and at present this fruit is selling for less possibly than at any time in the season. The berries still on hand are coming from storage, and are fair stock. The demand for them since the holidays has been decreasing instead of increasing, which accounts for the drop to \$12.50 per barrel on fair quality of the fruit. The rain just about killed off all the growing strawberries, and destroyed many of the blossoms on the plants, so that this berry is scarce and high priced, if at all obtainable. The average quotation is 15 cents a basket. The only other small fruit in this class now obtainable, but not at all popular is the guava. The price on guavas has been the same for years, from 3 to 5 cents a basket, owing to the fact that so few persons in Los Angeles are acquainted with its fine flavor. Butter also came down with eggs. The drop was only 1 cent, making the quotation on creamery extra 26 cents.

NOTICE TO CREDITORS

## ALFALFA

MR. WORKINGMAN, where land is out of your reach, have you ever figured out how on SMALL investment, alfalfa blone, of ALL CROPS, will make you independent?

LISTEN—10 tons per acre is conservative for any S. J. lands. Some get 15 tons. \$10 per ton is paid in THE FIELD; \$15 to \$18 baled. The land will pay you during the first year 1/2 crop ..... \$2000  
Second year full crop ..... \$4000  
Third year ..... \$4000  
Fourth year ..... \$4000  
Fifth year ..... \$4000

Remember these are conservative on a 40 acre tract. You can get 20, 40, 60 acres at our tracts 4 miles from Portersville, adjoining the orange groves, or 10 miles from Fresno, eternal market, city advantages, ideal water and climatic conditions. Anything more?

Remember, too, we are doing our best to impress upon you that February and March are the latest months to plant your alfalfa. Also, owing to nature's bountiful rains, 1914 is the one and only year.

Free Trips up every week. Come in and arrange to go up.

## CHAPIN SPEAKS ON FRIDAY EVENING

A "Dry California" Will Be  
Subject of Address by  
Famous Speaker

Hon. Eugene W. Chafin, Prohibition candidate for President in 1908 and 1912, will speak in the First Christian church, Friday, Feb. 13, at 7:30 p.m.

Mr. Chafin is now speaking in the interest of a "Dry California," and is drawing very large audiences. He is considered in Prohibition circles as the best informed man on the temperance question in the world today. Admission will be free, and an invitation is extended to everybody to hear this national orator.

### AT THE COURTHOUSE

## PICTURE OF SQUIRES IS PUT ON WALL

Is a Memorial to the Heroic  
Under Sheriff Who Lost  
His Life

Today a handsome picture of Robert Squires was hung on the wall in the sheriff's office. Squires lost his life at Tomato Springs on Dec. 16, 1912, as he was proceeding in the course of his duty in his attempt to capture Ira Jones, a desperado who had taken refuge in the hills.

Squires was shot down, and his body riddled with bullets from Jones' rifle.

As a memorial to the work and spirit of the heroic officer, the Board of Supervisors set apart \$250 to be used in procuring a picture and a plate, the latter to set forth the character of the sacrifice and service. The plate has not yet been secured. By ordinance of the county it becomes the duty of each succeeding sheriff to display the picture of the dead officer.

Testimony All In  
Yesterday afternoon the evidence in the divorce action of George Eells of Garden Grove against Edith Eells was completed, and argument was set for 2 o'clock Feb. 20. Witnesses for Mrs. Eells denied the accusation of her husband that she often drank to excess.

Foreclosure Liens  
An action to foreclose four liens on property at Huntington Beach has been brought against Minnie F. and R. E. Thompson and property at Huntington Beach for materials furnished J. E. Wickham, a contractor. The San Pedro Lumber Co. asks judgment for \$195.32; Huntington Beach Hardware Co. for \$29.15; Ed. Manning, \$69.75; C. J. Gardener, \$48.70. B. H. McDonald is attorney for the plaintiffs.

For Guardianship  
Mrs. Rose Thompson has asked for letters of guardianship upon the estate of her 3-year-old daughter, Dorothy. The estate consists of an interest in her father's estate being probated in Lawrence, Ill.

### IN THE JUSTICE'S COURT

## FOR WIFE'S SUPPORT MUST PAY \$5 A WEEK

Case Against R. G. Sutton  
Settled—Cavanaugh Charge  
Dropped

By an agreement entered into yesterday a charge of non-support brought against R. G. Sutton by his wife was settled. Sutton agrees to pay \$5 a week for the support of his wife and child.

Nothing To It.  
This morning when Jack Cavanaugh of Newport Beach was tried on a charge of cruelty to animals, the evidence developed that there was nothing to the accusation, and the case was dismissed. Cavanaugh was defended by Attorney Bishop. Mrs. Josie Van Why, now of Los Angeles, was the complainant. She said that she heard the horses whinny, and was sure that they were in want of food. The defense showed that Cavanaugh had not neglected his stock. Bills for hay showed that they were well fed during the time the woman alleged they were neglected. Employees of Cavanaugh said that when he was away they always attended to the feeding of the stock.

## SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an  
Old-time Recipe that Any-  
body Can Apply

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing it at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyett's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.—Advertisement.

### W. D. MATEER, WELL KNOWN MAN, DEAD

W. D. Mateer, well known Santa Ana resident, passed away yesterday afternoon after a brief illness of pneumonia. The news will come as a shock to his hosts of friends here.

Mr. Mateer was a very active member of the First Presbyterian church and a pillar of that organization. Besides a widow he leaves one son, L. N. Mateer.

He lived here for fourteen years and was 71 years of age. He served as a Presbyterian elder since he was 26 years old, and as an elder in the church here for twelve years. He was teacher here of an adult Sabbath school class of over 100 members. The funeral will be held tomorrow, Thursday, at 10 a. m.
